**About The EQUUS Foundation:**

The EQUUS Foundation is dedicated to  
improving the quality of life of horses,  
promoting the use of horses to enrich the  
lives of those in need, and educating the  
public about the horse's unique ability to  
empower, teach and heal

What started as a local effort in 2002 is  
now a nationwide campaign on behalf of  
horses.

The first grants were awarded in 2003 to  
seven locally-based charities. Since that  
time, nearly \$2 million in grants have  
been awarded to hundreds of charities.

The EQUUS Foundation funds a broad  
range of programs, most of which are  
directly involved with horse rescue and  
welfare, or are providing equine assisted  
activities and therapies (EAAT) to the  
public.

The Foundation also operates the EQUUS  
Alliance to recognize the contributions of  
organizations involved in the equine  
community whose activities and programs  
complement and enhance the core  
mission of The EQUUS Foundation;  
address national areas of common  
interest in the equine community; and  
support programs of Alliance members  
that educate the public about horses,  
provide services that benefit the equine  
community, and help stimulate advocacy  
and volunteerism on behalf of horses.
